

INVITATION

EVG Photonics Workshop in conjunction with MNE 2015

World Forum The Hague | Churchillplein 10, 2517 JW The Hague, The Netherlands
Level 0 - Continents | Room Africa

September 21, 2015 13:00 | EVG Photonics Workshop

AGENDA

12:30 **Reception**

13:00 **Introduction: EVG & Workshop**

Robert Eichinger-Heue, Regional Sales Manager Europe, EV Group (EVG)

13:05 **Photonics, Enabling the Next Revolutions**

Carlos Lee, Director General, EPIC (European Photonics Industry Consortium)

13:35 **EVG Photonics Solutions**

Dr. Martin Eibelhuber, Business Development Manager, EV Group (EVG)

13:50 **Presentation by KLA-Tencor**

Marcus Wollenweber, Account Manager, KLA-Tencor

14:10 **3D Functional Surfaces - Methods and Materials for Nano- and Microstructuring**

Dr. Matthias Worgull, Institute of Microstructure Technology, Karlsruhe Institute of Technology (KIT)

14:30 **NIL Systems for R&D and High Volume Production**

Dr. Thomas Glinsner, Corporate Product Management Director, EV Group (EVG)

15:00 **Coffee Break**

15:30 **ComBond® - A Novel Wafer Bonding Method for Optically Transparent and Electrically Conductive Interfaces**

Dr. Thomas Glinsner, Corporate Product Management Director, EV Group (EVG)

15:50 **III-Nitride Core-Shell Nanorods: Applications for Optoelectronic Devices and Circuits**

Emmanuel Le Boulbar, Department of Electronic and Electrical Engineering, University of Bath

16:10 **Heterogeneous Integration for Silicon Photonics / EVG®GEMINI®**

Dr. Martin Eibelhuber, Business Development Manager, EV Group (EVG)

16:30 **Replicated Micro-Optical Elements in Novel Applications for Mobile Devices**

Susanne Westenhöfer, Senior Project Manager Engineering, HEPTAGON

16:50 **EVG NILPhotonics™ Competence Center**

Dr. Josef Meiler, Regional Sales Director Europe, EV Group (EVG)

17:15 **Closing Remarks**
